Soda Creek

Many of the hikes are in the *Summit Hiker* by Mary Ellen Gilliland.

I scheduled easy hikes at the beginning and building up to more moderate hikes as we get in better shape after the holidays.

As always, we need to dress for the weather and have necessary water and provisions for safe fun on the trail.

We will meet at the church at 9 AM on Friday mornings, however if conditions question whether we should be outside, I will send an email at about 7:30 AM to cancel the hike.

I will see how trail conditions are at the end of March, and if they are good we can continue into April.

I hope to see some hikers each week as we enjoy our beautiful mountains in their winter coat of white.
